My first day at Tenacity  
Was weird and confusing  
Everything was making me woozy  
Once I met Jazmin and Izzy  
I felt so connected to both the girls  
They made me feel welcome and wanted  
I still look up to them at this time  
but since they left we don't chill out anymore  
I miss them very much  
And I want to say I love you both

Now it is my turn  
There is a girl named Gisselle Harris  
I respect her in every way  
She is also kul with a lowercase 'u'  
We always hangout and always play  
She sad at times 'cause she doesn't want me to go away  
Even though I am far and gone  
You will always be in my heart and always  
Be loved!!

{Gisselle}  
Sheyna helps me in lots of things  
Like tennis poems and helping out  
She is a good role model to me and to  
Others but to me she is like my big cousin  
Who is always there for me and always picks me up  
When I am down I WUBBERSZ U sooo much!!!
