

My Favorite Tenacity Memories
By Fatumata Kaba, 8th grade

Each year of Tenacity gave me one great memory. In the 6th grade my favorite memory was going bike riding with Tyler and Drew. We went bike to the Blue Hills reservations. We rode through a lot of mud and got really dirty. We saw trees, bugs, and other bike riders. It was a really fun trip.

My favorite 7th grade memory was going camping with Sara and Tyler at the Appalachian Mountain Club in Pinkham Notch New Hampshire. When we started driving sierra, sarata and me started to yell hi to everyone we drew by. When we 1st got to the site we stayed up until 12:00 learning a new game called cosmic wimpout. This was a fun game to play especially when you're the one winning. We went hiking up a big mountain. It was really tiring so none of us made it to the top.

My favorite memory from this year was going to the gala at the Boston Convention Center. I was there with all the 8th graders in Tenacity. I sold raffle tickets with Mireya and Sara. Later that night all the 8th graders went on the stage and listened to Andy and Ann talk to the guests about Tenacity and us. I felt really proud to be apart of Tenacity when I was on stage.
